

Zbl 734.05002

Erdős, Paul

Some of my old and new combinatorial problems. (In English)

Paths, flows, and VLSI-layout, Proc. Meet., Bonn/Ger. 1988, Algorithms Comb. 9, 35-45 (1990).

[For the entire collection see Zbl 719.00011.]

In his long row of publications of problems the author presents a collection of another 17 problems. The list of references contains a partial list of 18 of the author's papers on combinatorial problems and a set of papers related to the problems mentioned.

Classification:

05-02 Research monographs (combinatorics)

00A07 Problem books
