## ON GLOBAL BOUNDS FOR GENERALIZED JENSEN'S INEQUALITY

JÓZSEF SÁNDOR

Communicated by K. S. Berenhaut

ABSTRACT. We offer a global bound for an abstract Jensen's functional. Particularly, the results from Simić [Rocky Mount. J. Math., 41 (2011), no. 6, 2021–2031] are reobtained. Applications to integral inequalities and the theory of means are pointed out.
